## WILSON SAYS MAYO WAS RIGHT

Admiral Justified in Asking Tampico Salute for American Flag

## "BIG BUSINESS" WOULD DOWN TRUST PROGRAM

Believes Tolls Repeal Bill Safe in Senate—Sees Strong Support

WASHINGTON, April 12.—President Wilson thinks Admiral Mayo, commanding the American squadron at Tampico, is fully justified in insisting that the commanding officer of the Mexican federals at Tampico shall direct a formal salute to the American flag in addition to an apology for the arrest of unarmed marines attached to the U. S. ship Dolphin, who went there to buy gasoline. To callers today the president made his position clear. He had an engagement with Secretary Bryan for the evening to go through over the latest Mexican developments. Advice indicates that the American sentiment in Tampico is growing. Both factions are reported to be especially indifferent to protection of American property. President Wilson and Secretary Bryan must decide whether Huerta's repudiation of his Tampico commanders and their action in the recent arrests is sufficient. The president has not fully covered his subjects at Tampico.

The president said he believes there is a general tendency on the part of "big business" to force the relinquishment of the administration's trust program. He said the reports that the administration intends to abandon the trust program until next session were groundless and probably had been inspired by its opponents. He said it is necessary to pass trust bills at the present session to carry out party pledges. He conferred this afternoon with Representatives Carlson, Clayton and Flood, members of the subcommittee of the house judiciary committee preparing bills. Afterward it was announced that the bills will soon be ready for the full committee.

Discussing the new Colombian treaty, the president said it must be accepted by Colombia before it can be legalized. He refused to comment on the terms.

President Wilson's canal tolls repeat fight in the Senate is already won. He is encouraged because many promising to appear before the Senate in connection with the Baltimore convention favor the repeal of the exemption clause of the tolls bill. The suggestion that the repeal bill include a declaration that America reserves all rights in connection with the canal is not favored by the president.

Lind Arrives

WASHINGTON, April 12.—The presidential yacht, "Mayflower," bearing John Lind, the president's personal envoy to Mexico, arrived in the Navy Yard today direct from Vera Cruz. Lind did not disembark immediately, but expected to confer with President Wilson this afternoon.

## RADICAL BILLS IN SENATE BY LEWIS

WASHINGTON, April 12.—Lewis of Illinois today introduced three bills in the senate, of which one proposed the government purchase of interstate railroads, another proposed the building of one hundred ships as an American merchant marine, and the creation of a commission of twenty-one to supervise the interstate commerce commission; the third proposed that the government take complete charge of all banking and transportation business.

Lewis proposes that railroads, steamers and manufacturing plants be leased to private firms and that they be allowed a profit of five per cent. The new commission would be divided into three branches of seven members each, one having jurisdiction over banking and finance, another interstate commerce, railroads and steamships and the other over factories, interstate shipments and merchandise.

General Villa as Dressed for Torreon Battle

This is the latest photograph of General Villa before he left Chihuahua with his troops for the battle that has raged at Torreon for several days. Three months ago Villa didn't have a uniform. He fought in the ordinary clothing of a citizen and he had not then made much of an effort to get uniforms for his troops. But since his capture of Juarez, Ojinaga, and Chihuahua, he has risen to the dignity of a general. In the old days when he was merely a bandit he didn't know what creased trousers meant, but before he posed for this picture he had his uniform ironed out by a tailor.

## DEATH SUMMONS HEADED AT CHURCH

James Patterson Stricken While Attending First Presbyterian Services

James H. Patterson was stricken with apoplexy just at the commencement of services last night at the First Presbyterian church, and died a few moments later. He was carried into the ladies' parlor and very few of the congregation were aware that anything so serious as death had occurred.

Mr. Patterson had lived in this city for nine years, having located at 212 Orange avenue, upon coming here from Winfield, Iowa. He was 79 years of age and leaves four children, two of whom, a son and a daughter, live in Winfield. The two other children, Miss Esther Patterson and Max Patterson, reside in this city. Mrs. Patterson died about three years ago.

The body lies at the undertaking parlors of Smith & Tuthill. Arrangements for the funeral will be made as soon as word is received from Patterson's son and daughter at Winfield, Ia.

## TWO KILLED AND ONE WOUNDED BY GUNMEN

SOMERSET, Pa., April 13.—John D'Angelo, aged 23, and Joseph D'Angelo, aged 18, cousins, were shot and instantly killed and Mrs. Frank D'Angelo, the latter's mother, was seriously wounded today by gunmen who drove the D'Angelo men in an automobile. The woman heard the shots in the back yard, rushed to the door and found the two bodies by the steps. While leaning over her son, three shots were fired at her, two of them striking. The gunmen rushed to the automobile and escaped.

## KILLS MEXICAN TRUST COMPANY WITH A PICK HANDLE RECEPTION SUCCESS

Beet Worker Dead as Result of Attack by Three Men at Delhi

## TRAGEDY FOLLOWS NIGHT'S CAROUSAL

One of Trio is Caught; the Ontiveras Brothers Are Not Located

Pimeto Gebarra was clubbed to death at Delhi yesterday morning about 1 o'clock. Of three men who joined in an attack upon Gebarra, Ramon Valenzuela only was caught. Guillermo Ontiveras, who is believed to have struck the blow, and his brother Jose escaped.

This is the first murder of a Mexican by a Mexican that has occurred in this county in a year and a half. The strict enforcement of the law against carrying concealed weapons has kept the packing of revolvers down to a minimum, and officers all join in asserting that the scarcity of Mexican murders has resulted from the enforcement of the law. In last night's murder firearms had no part. Gebarra, the dead man, was employed by Under Sheriff George C. Law on Law's ranch on South Main street. Law states that the man was one of the best best thinners he had working for him. Gebarra was aged about 35 and had no relatives here.

It seems that a few days ago he and Ramon Valenzuela had a quarrel over some trivial matter. Saturday night they attended a Mexican dance at Delhi, and it is thought that most, if not all, of those concerned in the affair had been drinking heavily. While at C. Lugo's house, Ramon and Pimeto got into a discussion of their former difficulty, and it soon assumed deadly proportions in the mind of Ramon and Jose Ontiveras, who was with him.

How much of a fracas there was at Lugo's house is not known. Jose got a wooden stake pin and Ramon a pick handle. Pimeto fled and after he had run along the street and around Nicholas' store he was met by Guillermo (known as Willie) Ontiveras, brother of Jose.

On a call from Jose and Ramon, Willie stopped Pimeto. Defenseless, Pimeto was easily knocked down by the clubs in the hands of the two who had pursued him. As Pimeto lay on the ground, Willie seized the pick handle and struck the prostrate man, dealing the death blow. Pimeto's skull was broken.

Coroner Wimbler was called, arriving soon after Under Sheriff Law and Deputy Stacey had begun searching for the three assailants of Pimeto. Willie and Jose Ontiveras went to Greenville, where they worked, and with their 15-year-old brother were seen going across a field. This information was not given the officers in time to be of any use.

Last night about 10 o'clock, Law and Stacey searched a number of houses at Delhi, and found Ramon Valenzuela.

The Mexicans concerned in this murder were all California Mexicans, and speak English well. The Ontiveras brothers came here four or five days ago from San Gabriel.

## MANY FOREIGNERS IN NEW YORK CITY

NEW YORK, April 13.—Gotham's claim to being a real cosmopolitan city was proven and the verdict handed down the other day by the federal census officials. The evidence was staggeringly conclusive of the charge of cosmopolitanism against New York.

Out of a population of something like five and one-half millions of people who reside in Greater New York, nearly on million—or, to be exact, 922,965—are of English, Irish, Scotch, Welsh and Celtic descent. These figures include those born in the countries mentioned, or born here of parents of these nationalities. Besides these there are among New York's population 1,732,970 persons who were born in foreign lands or who were born here of foreign parents. They are divided as follows: Yiddish and Hebrew, 861,989; German, 841,889; Italian, 549,444; Polish, 116,101; Magyar, 64,141; French, 47,239; Norwegians, 35,993; Danish, 14,731; Spanish, 11,624; Greek, 11,623; Roumanian, 10,789; Bohemian and Moravian, 49,988; Russian, 23,879; Lithuanian and Lettish, 11,217; Slovak, 10,504; other Slavs, 10,075; Dutch and Frisian, 9661; Finnish 8211; Armenian, 2676; and Syrian and Arabic, 3987.

Orange County Savings & Trust Company Celebrates 25th Anniversary

## 2500 VISITORS ARE GIVEN BIG WELCOME

Bank Has Made Remarkable Growth; 1700 New Accounts Opened in Past Year

A tremendous success. This is the verdict of the officers of the Orange County Savings and Trust Company and of all the 2500 visitors who attended the reception given Saturday in honor of the twenty-fifth anniversary of the Trust Company's business career.

The bank was beautifully decorated with bouquets of flowers and ferns by Fred Rafferty. Handsome bouquets of carnations were given all visitors by Misses Margaret Zimmerman, Jean Winslow and Evelyn Andre.

Doors were thrown open to the Trust Company's friends at 3 o'clock. Delightful music was furnished by Professor Andrist's orchestra, consisting of piano, violin, flute, clarinet and bass clarinet.

Fruit punch of two different flavors were served. All in all, it is hard to see how the reception could have been a bigger success. The affair ended at 9:30 in the evening and all those who attended expressed their pleasure at the success of the Trust Company's endeavors to render honest and painstaking service.

No better evidence of the company's truly remarkable growth need be offered than that 1700 new accounts have been opened with the firm in the year ending March 31, 1914.

At the annual stockholders' meeting held this morning all the old officers were re-elected, with the addition of C. D. Hindley and George E. Peters, assistant cashier and assistant trust officer, respectively. Following is the personnel of the Orange County Savings & Trust Company as it now stands:

Officers—W. A. Zimmerman, president; C. E. French, vice president; A. B. Gardner, vice president; Chester E. Lamme, cashier; H. Roy Andre, assistant cashier; C. J. Hindley, assistant cashier; F. W. Winslow, trust officer; George E. Peters, assistant trust officer; E. E. Keech, counsel.

Directors—W. A. Zimmerman, C. E. French, A. B. Gardner, C. E. Lamme, E. E. Keech, L. J. Carden, A. Otis Birch.

## SAN DIEGO WATER CO. WINS DECISION

SAN FRANCISCO, April 13.—A decision affecting the jurisdiction of the Railroad Commission over water companies operated primarily and almost exclusively in conjunction with land companies was handed down by the supreme court Saturday.

The court held such companies might sell water to a few clients outside the particular land project with which they might be associated without coming under the classification of a "public utility," even though the company's articles of incorporation might class it as such.

The decision was in the case of the Del Mar Water, Light and Power Company of San Diego County versus the Railroad Commission, in which an appeal was taken from the commission's decision that, inasmuch as the company had sold water to a group of residents of Del Mar, who were not vendees of the South Coast Land Company, with which the water company was tied up by contract, it was a public utility subject to the commission's ruling.

In deciding the question Justice Melvin, who wrote the decision, said: "The serving of water to the seven inhabitants of the old town of Del Mar was not sufficient to make the water company a public utility."

## TWO SANTA ANA ATHLETES IN BIG MEET SEIZE FIRSTS IN BROAD AND HIGH JUMPS

The two Santa Ana boys, Ernest Plavan and Paul Anderson, who participated in the Pacific Coast Track Meet at Stanford University last Saturday, more than justified the efforts that were made to get them north.

The boys were not expected to take first places, but Plavan jumped half a foot farther than ever before when he won the broad jump over his rival, House of Riverside, who bested him in the All-Southern, and Wallace of Palo Alto, who won the event last year. His leap measured an even 22 feet.

"Jumbo" Anderson cleared the bar at six feet, an inch higher than any mark in the south this year. The ten points captured by these two firsts lifted Santa Ana up to fourth place among the high schools of all California. One point more would have tied the school for second place with Pasadena and Redlands. Palo Alto won the meet with 16 points, Pasadena and Redlands were tied with 11 each, while Long Beach finished ninth with 5 points.

Bagnard of Pasadena won the shot and discus. Johnson of Palo Alto took both sprints, getting over the 220 in the record time of 22 1/5 seconds, and beating Mark of Long Beach in both races. Murray of Orange won the high hurdles in 15 4/5 seconds, but was defeated by House of Riverside in the lows.

The surprise of the meet was when Beebe of Anaheim was beaten to the

tape in the mile by a scant foot. Berry of Redlands broke the world's interscholastic record by two-fifths of a second and Beebe himself was caught in one-fifth better. The time of the winner was 4 minutes, 25 2/5 seconds. This is the only race on a fast track where Beebe has been forced to extend himself for two years, and when he was pushed he showed his real ability by besting the world's record, but Berry's final sprint for the tape in which he drew away from Beebe after running neck-in-neck for the last lap marks him as the greatest high school mile runner in the country today. However, Beebe's friends feel he is the better man and should the two get together in the A. A. U. meet in Los Angeles next Saturday there will be a race well worth seeing.

The excellent work of Anderson and Plavan has given Santa Ana a higher place in track athletics than she has ever had before. Santa Ana has a right to be proud of the young men that show themselves superior to all others on the Pacific coast.

Fast Hurdler  
Verl Murray of Orange Union High School alone won eight points in the meet and made sixth place for his school. Murray won second in the 220-yard low hurdles, which was taken by House of Riverside in 25 1/5 seconds. He got first in the high hurdles in 15 4/5 seconds. Orange justly feels proud of the performance of this young athlete.

## GUNMEN ASSERT INNOCENCE TO LAST

Convicted of Murder of Herman

Rosenthal, Four Men Paid Death Penalty Today

OSSINING, N. Y., April 13.—Four "gunmen," convicted of the murder of gambler Herman Rosenthal on the morning of July 16, 1912, were electrocuted at Sing Sing today. Frank Ciroflee, alias "Dago Frank," led the death procession, going to the chair at 5:38. Frank, Seidensticker, alias "Whitely Lewis," Harry Horowitz, alias "Gyp the Blood," and Louis Rosenberg, alias "Lefty Louie," followed at 5:48, 5:57 and 6:08 o'clock. "Dago Frank" died in six minutes, the others in four, five and nine minutes respectively.

None of the men confessed to the crime. "Whitely" made the only statement. He said: "Gentlemen, I want to say a few words for the sake of justice. The witness swearing that he saw me shoot Rosenthal was prejudiced. I swear to God I did not shoot him."

Father Cashion, the Catholic chaplain, accompanied "Dago Frank" after giving last communion. The prisoner carried a crucifix. He seemed dazed, and uttered no sound. "Whitely Lewis" quavered a psalm from a Hebrew book of prayer. He was accompanied by Rabbi Goldstein. Horowitz was half paralyzed with terror and near a collapse. Rosenberg was the hardest to kill, four shocks being necessary.

ROSENTHAL'S MURDER

WAS COLD-BLOODED

The murder of Herman Rosenthal, the gambler who "squealed," probably was the most cold-blooded in its conception and the most carefully and conspicuously carried out in all the sordid and sensational crime history of Greater New York. Police Lieutenant Charles Becker, leader of New York's "strong-arm squad," was convicted, previous to the gunmen, of first degree murder, as instigator of the crime, and sentenced to death. For over a year he sat in a cell on the "life side" of the "little green door," which leads to the death chair and the beyond. Then he was granted a new trial by the court of appeals on technical grounds. He is now in the Tombs.

Besides the five convictions mentioned, four police inspectors, one police captain, a police sergeant and several patrolmen were sent to the penitentiary, following investigations of graft conditions revealed at the murder trials. Dennis Sweeney, John J. Murtha, James E. Hussey, and James F. Thompson, all police inspectors, were convicted of grafting and served a year at Blackwell's. Three days before their terms were up, Murtha's conviction was reversed by the appellate division, which upheld the conviction of the others.

Partial Confession

It was learned after the execution that "Dago Frank" gave a long statement to Father Cashion. The priest is silent but it is reported it was a partial confession, accusing Harry Vallen and "Gyp the Blood" of the murder. Becker recently insisted that Vallen was guilty. Father Cashion said he may use the statement in the Becker trial, but will not divulge it before.

"Dago Frank's" last statement was sent to Prison Director Riley by a special messenger. Warden Clancy told the newspapermen he believed justice had been done and that the men were guilty. Governor Glynn was in a high-

## PORTUGAL BREWED ROYALIST PLOT

Conspirators Planned to Put Foreign Prince on Throne; Plot Discovered

LISBON, April 13.—A well-organized royalist conspiracy has been discovered here, according to semi-official reports. It appears that the royalists, disheartened by the lack of support they had received from the Portuguese aspirants to the throne, decided to ask for foreign support and to place a foreign ruler at the head of the monarchy.

The plan was being prepared very carefully but the opinions of the conspirators were divided as to the proper nationality of the prince who should be placed on the throne. One faction wanted a British Prince, while another preferred an Italian ruler. The dissension grew so bitter that the plot became known to outsiders and the conspiracy was denounced to the police. Several arrests have been made and many more are looked for.

## FERNERY IS MADE FEATURE SPOT OF SANTA ANA PARK

E. R. Halesworth, gardener in charge of Birch Park, has just completed the construction and planting of a fernery that is going to become one of the attractive features of Birch Park. The fernery is located near the northeast entrance of the park. With rocks and dirt, a mound has been made. In this ferns of various kinds, begonias, coleus and other plants have been planted. The fernery is under the shade of a large palm tree and other trees, and is bound to be a success.

Halesworth completed work on the fernery last week. Within twenty-four hours some of the maiden ferns were taken away. Tracks by the soft earth indicated that the person who had taken it was a woman. Halesworth then put up a fence, which will be covered with vines.

**HOW AN OLD PHRASE CAME TO BE ADOPTED**

WASHINGTON, April 13.—How the expression, "Tailors of Tooley Street," which was used in almost every speech against the repeal of the tolls exemption bill since that vexed subject came before Congress started, has been explained for the United Press by Senator O'Gorman.

"More than one hundred years ago," said O'Gorman, "there were three small tailors living in Dublin, Ireland, whose shops were on Tooley street. Action taken by the British Parliament did not please them at all, so they drew up a petition which began: 'We, the people of England, aroused by the action of Parliament in,' and so on.

"When the petition arrived in London and was laid before Parliament, an investigation was made by friends of the measure to which the tailors were objecting, with the result that it aroused much derision, and played small part in affecting legislation. Ever since whenever it is desired to discredit petitions sent to a legislative body, they are referred to as 'Tailors of Tooley Street petitions,' which simply means in the opinion of the speakers that they do not represent public sentiment at all, but are merely from little groups of people who are probably in a hopeless minority."

## NAVELS GO IN THREE WEEKS

Redlands Packers Are Rushing Away What is Left of the Crop

REDLANDS, April 13.—The Redlands navel orange crop will all be about shipped within the next three weeks if conditions are favorable. It is estimated that at least 80 per cent of the crop has already been shipped, and that only in cases where the fruit is keeping exceptionally well any attempt be made to hold back until after May 1. The total shipments of navel oranges from Cuffton, Mentone, Redlands Junction, Drew and Redlands district, will approximate 3500 cars. Other varieties will, it is estimated, bring the total shipments from the district to 4000 cars or over. This is considered as a remarkable showing, taking into consideration the apparently hopeless conditions following the freeze. All fruit now leaving the city is led for transportation.

**Strengthens Weak and Tired Women**

"I was under a great strain during a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic, relief or money back, one and \$1.00, at your druggist.—Advertisement.

## THE ADVISABILITY OF KEEPING PETS

(By Burr Shafer and Robert Armstrong.)

Every boy and girl should keep a few pets. In the olden days the pet of a knight was his horse. So with today, on the farm each person has his or her pet. People living in the city think they lack space, but space enough to keep a pen of bantams is wasted in every yard, and if the reader has more room, fancy pigeons, doves, canaries and aviary birds make one's yard attractive. These may not only be a pleasure but a reliable source of income to the youthful fancier.

It has been proven by experience that it is poor economy to purchase poor stock, the fancy being much more graceful and not more difficult to raise.

The cost of keeping an ordinary large hen is about equal to the expenses of a pen of bantams (four hens and one cock). The large hen will lay on an average 150, or thirteen dozen, eggs per year; at 25c per dozen the result is \$3.25. Four bantam hens, laying about 130 eggs each, will make a total of 520 eggs in the same length of time. Considering eighteen bantam eggs equal to one dozen large eggs, the bantam eggs would be equal to thirty dozen large eggs. At 25c per dozen the result is \$7.50. Subtracting \$3.25 or the selling price of the large eggs, from \$7.50, the selling price of the bantam eggs, leaves a net profit of \$4.25. But bantam eggs can be sold for hatching at from \$1.00 to \$10.00 per fifteen eggs.

## PUTS IN NEW WATER PLANT

Anaheim Union Water Co. Expects Well to Produce 300 Inches

FULLERTON, April 13.—Superintendent McFadden of the Anaheim Union Water Company reports that the company is building another water pumping plant at Crowther's corner about 1400 feet west of the other plant and that it will be in operation in a short time.

It will be operated with a 150-horsepower electric motor and is expected to develop 300 miners' inches of water.

The new plant will cost about \$4000 and will be of great assistance in supplying water for summer irrigation. The water company now has many thousands of dollars invested in these pumping plants and finds them profitable notwithstanding the fact that it gets half of the water from the Santa Ana River at Rincon.

## LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

## "Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk-white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. E. P. MacAVOY, secretary Houdan Club, Cambridge, N. Y.

### HOME RULE IN IRELAND AND HERE

The English have always spoken slightly of American statecraft. John Bull has not merely sneered at our political corruption, but he has regarded the United States constitution as an amateurish job.

Nevertheless, the fathers of 1787 did create a political principle which, after a lapse of 127 years, the statesmen of England seem just waking up to adopt. That is the federal system, the combination of state control of local matters with federal control of national matters.

The grandeur of the structure built by the American fathers appears in sharp contrast with the way England has bungled the Irish question. Great Britain is a compact group of peoples, subject to about the same climatic, physical, and economic conditions throughout. There are racial differences. Yet these do not begin to be as sharp and antagonistic as those dividing the American people. Yet the English people, who ought therefore to be compact and harmonious, are full of internal hate and bitterness for failure to apply to Ireland the principle of the federated system.

The United States contains the most heterogeneous conglomerate of races and religions ever assembled under one flag. It covers so vast a territory that the economic interests of different sections are often sharply antagonistic. In some particulars, the social systems of the various sections differ widely. In other respects, a civil war has not badly bungled reconstruction, real progress.

Yet in spite of all, our people live in as great a degree of peace and quiet as is possible under the limitations of human life. And all because the fathers were wise enough to let each locality solve its own home problems. All this has been going on under the eyes of England's lordly rulers for 127 years. They are today just beginning to see the application, and to talk about a federal system to quiet Ireland and Ulster!

### ACQUIRING SKILL IN TYPE-WRITING

Some wonderful records in skillful typewriting are being made nowadays. Miss Bessie Friedman of New York broke the world's amateur record the past week at a Business Efficiency Exposition in Boston. She wrote at the rate of 127 words a minute. Miss Sarah Rosenberg of Brooklyn, did what seems even more wonderful in the accuracy contest. She wrote 2569 words in a half hour, or 85 per minute making only one error in the entire work.

It is a problem of general interest how the average person can acquire even a fraction of the skill suggested by the above records. Young people who are learning to typewrite must anticipate that business men will demand a higher rate of efficiency than formerly. Methods are being systematized, and large offices in particular demand of their typists a certain minimum of accurate production. Many young people attend schools that make glowing promises of what can be acquired in a few weeks. They are taught slovenly short cuts and incorrect methods that in the end work against high degrees of accuracy and speed.

A typist needs to be not merely quick in motion, but it is not a calling fitted to very nervous and high strung people. Their muscular control goes wrong as soon as physical weariness begins to assert itself.

Many newspaper workers and professional and business men learn to operate typewriters for themselves. The product is variegated in alignment and spelling.

But business and professional men who have to write a good deal can increase their output three times by learning the typewriter. The objection is made that when the amateur's mind is taken up by hunting for the keys, it interferes with the flow of ideas and hurls his style of composition. But if at the start he will take some pains to learn correct fingering, he should in a few years think as little of his keys as the bicyclist thinks of his balance.

### GOOD BUSINESS!

That the State Railroad Commission is doing an immense amount of work cannot be better shown than by its annual report, just printed, which contains 2003 pages.

Compare this with the report of 1908, which contained only 78 pages, and one can see the difference in the amount of work. The old commission under the former law was anxious

to see how few railroad regulations it could make, while the present commission has been actively engaged in saving the people hundreds of thousands of dollars.

The cost of printing this huge volume of 2003 pages at the state printing office was only \$2.46 per copy while the former volume of 78 pages cost \$2.97.

The publication of this report shows that Governor Johnson made no mistake in re-organizing both the state railroad commission and the state printing office, and placing John M. Eschleman at the head of one, and Friend W. Richardson at the head of the other.

### ENDOWS CHOIR SCHOOL

Bourne's only condition was that he be elected a member of the cathedral choir. He was elected unanimously.

## Strong Endorsement for Home Rule in Taxation

An attendance larger than was anticipated evidenced the interest in the various proposed taxation amendments to the constitution, and in the Home Rule in Taxation amendment.

In particular, when those matters came up for discussion at the meeting of the Commonwealth Club in San Francisco, on the evening of April 8. The major part of the evening was given up to the discussion of the Home Rule in Taxation amendment. The committee presented two reports, one in favor of the amendment, and the other opposed. Its opponents attacked the principle of Home Rule as applied to taxation, but based their objections chiefly on the ground that if all the various taxing bodies should adopt all the exceptions allowable under the Amendment certain evils would result, such

as trade rivalry, throwing all the burden on the rich, throwing all the burden on the poor, etc.

The proponents of the amendment argued that the measure is simply an enabling act. It forces no community to make any change from the present tax system, and that the fancied evils have not resulted where the system has been thoroughly tried; for instance, in Western Canada, where it has been in operation for thirty years; in New Zealand, where it has been in effect for twenty years; in Australia, and the irrigation districts of California.

On a vote being taken of the members present a substantial majority voted in favor of the amendment, thus reaffirming the action of the club in 1912, at which time the club went on record in favor of Home Rule in taxation.

## HOW SOME ROSES ARE MADE TO PAY

By Reginald Brinsmead, Register Staff Writer.

California is truly a land of roses; and the extensive plantings, of many thousands of bushes and plants, made the present spring, under the auspices of city and county authorities, traders, local beautification committees and other interested bodies, have not only served to focus attention upon the growth of roses as a means of beautifying our roadsides, country gardens and city lots, but will add measurably to the great quantity of roses produced in the very near future.

The Valley of the Tondjil, in Bulgaria, is famous the world over for its roses; and is the source of the world's supply of the essence of rose used in the manufacture of perfumery and toilet articles.

The small district of Fars, in Persia, has been noted these many centuries for the wonder of the roses there grown; and from which the Persian rose water and Attar of roses are made.

These are two of the world's most famous rose districts; and in both the flower use, and in both the commercial use, and important industries have been built up in the manufacture of rose products.

From January to June, 1912, the valley of the Tondjil exported essence of rose valued at \$98,637; in 1910 the total production of the valley amounted to over one million dollars, of which a little less than \$150,000 worth came to the United States.

The product of the Persian rose gardens, at Fars, consisting of rose

water and attar of roses, amounted to between \$45,000 and \$50,000 for the fiscal year of 1912-13, of which some \$32,000 was exported to India and Barheim, the balance being used in Persia. With the exception of some small experimental shipments of attar of roses to London, in 1913, the market for the Persian products has hitherto been confined to India and Persia.

In 1912 the Tondjil valley rose essence had a value of \$130 a pound; the Persian rose water was worth 4¢ to 5¢ per pound and the Persian attar of roses sold at from \$134 to \$170 per pound. The Persian attar of roses had never been exported to Europe prior to the above mentioned shipments to London. It sells in small bottles, containing one-eighth of an ounce, at from \$1.05 to \$1.34.

In the case of the Tondjil product, adulteration is sometimes resorted to by the addition of oil of geranium having a value of but \$2.50 per pound. The Persian brand of essential oil (attar) of roses is said to be adulterated to some extent by the distillers, with both vegetable and highly refined mineral oils.

California can certainly produce the roses, the raw product; crops can be grown practically the year round. There is a growing market for the by-products or products produced from them. Can their manufacture in California be made commercially profitable? It certainly looks as if we have here the "makings" of an industry at once new and of value to the state.

### SANTA MONICA MAY HAVE LIQUOR FIGHT

SANTA MONICA, April 13.—Another trial of strength on the liquor question is threatened in Santa Monica. Proponents of the application of William Baxter for a wholesale liquor license, at Second street and Utah avenue, declare they will invoke the referendum and attack what they insist is a monopoly if the application is denied. That it will be denied members of the police commission already have signified. Petitions also are in circulation against adding another wholesale house to the two now operated, and many signatures of business men, large property owners, prominent women and church members are being attached.

### WOMAN DENIED LICENSE TO RUN TRACTOR ENGINE

REGINA, Sask., April 13.—Mrs. Victor Garbist, who was for twenty years a licensed engineer in Minnesota, applied to take out a license here, desiring to run her husband's traction engine. As the Saskatchewan law defines persons qualified to become engineers as males over 18 years, she was refused.

### LAKE ELSINORE HIGHER THAN FOR MANY YEARS

ELSINORE, April 13.—According to old timers, Lake Elsinore is higher now than it has been for fifteen years, and is still rising. The San Jacinto river, which has its head in the San Jacinto range of mountains, and which reaches the valley, has been emptying its waters into Lake Elsinore at a rapid rate during the past month. This year ranchers have put in dams along the river and have taken considerable water for irrigation purposes.

### WOMAN SEEKS CITY OFFICE IN TROPICO

TROPICO, April 13.—Tropico today will elect three trustees and a city clerk and treasurer. Candidates for trustees running against the present incumbents are A. E. Boyce, president of the Pacific Home Builders; Charles H. Henry and James Riek, well-known business men. N. C. Burch is a candidate for city clerk against the present incumbent, and Miss Litta B. Hibben is out for city treasurer. The new candidates have declared for civic betterments and consolidation with Los Angeles.

## NATURAL GAS IS EXPECTED NEXT MONDAY

Manager Champion Believes Connections Will Be Completed Then

It is more than likely that one week from today the housewives of Santa Ana, Orange and Anaheim will be cooking their meals with natural gas instead of the manufactured article. County Manager Champion of the Southern Counties Gas Co. stated this morning that he believes the connection with the mains at Anaheim will be made by Monday.

Fullerton and Placentia are already using the natural product, piped down from Olinda. A gang of men is at work laying a pipeline between Placentia and Anaheim, going at the rate of about 1000 feet per day. At present, the manufactured gas goes through a main from Santa Ana to Anaheim, Orange and Fullerton. This main will be used to bring natural gas here. Owing to the size of the main connecting with Fullerton it was not possible to send the Anaheim-Orange-Santa Ana supply through Fullerton, and thus the main from Placentia to Anaheim was necessitated.

The adjustment of stoves to the new supply has been in progress at Fullerton and Placentia. When natural gas reaches Santa Ana, Orange and Anaheim, the rate in those places will be seventy-five cents per 1000 cubic feet. In Santa Ana the reduction will be from \$1. Anaheim and Orange have higher rates for manufactured gas.

### CLEVELAND CLAIMS ANSWER TO THE DIVORCE PROBLEM

CLEVELAND, April 13.—Cleveland, the one city in the United States with the unenviable record of one divorce for every four marriages annually, is now teaching its little girls how to be ideal wives some years hence.

The Marion school, a part of the city's educational system, is devoted to tutoring 14-year-old girls on the art of domestic science perfection.

"It's a solution of part of the divorce evil," declared Miss Estelle Hanchette, a teacher in charge of the "ideal home" kept by the girls of the school. "Untidy homes are many times responsible for dissatisfied husbands."

The "ideal home" is across the street from the school in the heart of the congested district. It was once a filthy, insanitary tenement. Dirt was literally hoed from the floors. Half a dozen layers of old wall paper covered with filth and dirt were taken from the walls. The building was given a thorough scrubbing and then the "future wives" took charge.

They obtained estimates for the painting and papering and every article of furniture from gas stoves to draperies and linen. Miss Hanchette took them to the stores to buy everything. Economy was the first consideration.

The early class cleans floors and windows and sweeps. No girl has enough to do to tire her. Each is taught simple methods of cleaning.

The second class buys and prepares the lunch. The next class eats the meal and the late class cleans the dishes and ends the day in sewing. The classes rotate each day so that the work is different. The house contains kitchen, dining room, pantry, bedrooms and clothes closets.

"The children are so enthusiastic about their work," said Miss Hanchette. "I am firmly convinced that the future husbands of those of the 'ideal home' pupils who marry, will never enter a divorce court. No man would want to lose a wife whose knowledge of her home, and whose interest in it was a small per cent even, of the interest the pupils now show in the 'ideal home.'"

## MOTORBIKE BREAKS BOY'S LEG ON THE EL MODENA GRADE

Alois Hageman's leg was broken yesterday afternoon on the El Modena grade as a result of a collision with a motorcycle. Hageman, who is the 16-year-old son of Mr. and Mrs. J. W. Hageman, late of Hastings, Minn., was returning to Santa Ana from the Orange County Park on a bicycle, in company with two other boys, at about 5 o'clock. The motorcycle attempted to pass Hageman by crowding in between him and the bank, with the result that the motorcycle hit Hageman's left leg, breaking it above the ankle.

A peculiar thing about the accident was that the boy was not knocked off his bicycle. The motorcycleist carried a young woman on the tandem of his machine and this added weight gave the machine a great deal of momentum and made it difficult to steer.

Young Hageman's parents have been in the city only about a week. They came here from Minnesota and are stopping with the P. G. Bessels, at 218 South Main street.

### LIMA BEANS SELLING WELL AT OXNARD

### NEW SHELL EXPLODES IN AIR BEFORE CONTACT

PARIS, April 13.—Members of the Council of War attended the Mally Camp this week to witness a demonstration of the new method of shell fire discovered by Commandant Malanderin.

## APRICOT MEN FAVOR GOING INTO EXCHANGE

Quorum Present at Meeting Votes Upon Reorganization of Association

The annual meeting of the Orange County Dried Fruit Association, with a quorum present, transacted the usual routine of business, and then proceeded to the question of greatest importance that came before the members, namely that of reorganizing, in order to be able to join the California Dried Fruit Exchange.

The election of directors showed that the membership strongly favored making this change, since every man elected had fairly and fully expressed himself some time before the annual meeting in favor of joining the Exchange. The new board consists of A. H. Stutsman, J. G. Bernick, Walter Greenleaf, Sherman Stevens and Frank Greenleaf.

I wish to take this occasion to thank those of our members, who could not be present, for the confidence they reposed in the undersigned for the proper use of their votes by turning their proxies over to him; for without these proxies there would have been no quorum, with no election and no transaction of business.

The members voted almost unanimously in favor of reorganization, and affiliation with the Exchange. The very small minority was given the fairest possible opportunity to state its objections, to ask Mr. Jeffrey questions, and bring out any weak points. It is therefore highly probable, and of course, desirable, that every member will give his written consent to the change before the first meeting of the new board occurs. Two thirds have already signed, while others will sign as soon as the paper is presented to them. The committee which had this matter in charge was continued to finish the work. The board of directors will meet next Saturday to organize, and will promptly take the steps which the membership desires it to take.

There are many things of interest to all apricot growers to be told which will become the subjects of after dinner chats later on.

### WATER ECONOMY PLAN AT VENTURA

VENTURA, April 13.—Meters or no meters, is the question that has been vexing the water company and the city fathers here. It has been decided to give a water inspector authority to shut off water where it is being wasted and do away with the necessity of putting all consumers on the meter plan. In a few cases there has been willful waste of water during the dry season.

## PICNICKED AT BIRCH PARK

Pupils of Delhi Sunday School Entertained Happily Saturday Afternoon

A picnic party connected with Delhi Sunday School enjoyed Saturday afternoon at Birch Park. Altogether forty members and guests took part in it. The children were entertained with peanut and cookie hunts, egg-rolling contests and games. A fine lunch was supplied by the ladies. Sandwiches, Saratoga chips, olives, pickles, cakes and cookies made up the menu, with iced fruitade.

Judge Z. B. West and Mr. Marshall of the First Baptist Church were very welcome guests. Mr. Lockett, the present superintendent of the Sunday School, together with Mr. Marshall, initiated some of the boys into the mysteries of the "mumblety peg." Mr. Elliott, who resigned as superintendent two weeks ago that he might resume his duties as janitor of the First Baptist Church, was unable to attend, a fact which all regretted.

Refreshments consisting of sandwiches, pickles, potato chips and several kinds of cake and coffee were served after which good wishes were said and good wishes expressed for a safe and pleasant journey for the class member.

## MET AT BUENA PARK

County Federation of Parent-Teacher Associations Held Interesting Session

The Orange County Federation of Parent-Teacher Associations held an interesting meeting in Buena Park last Saturday. The meeting opened at 10 o'clock a.m. with a large attendance. Mrs. Anna Hill, president of the Federation, led the devotion by reading a chapter from the Bible followed by a prayer by Rev. Johnston of Buena Park. In the absence of the secretary, Mrs. A. G. Flagg, the chair appointed Mrs. Chas. Kemp of Anaheim as secretary pro tem.

A splendid address of welcome was made by Mrs. Effie Haas, president of the Buena Park association, with an excellent response by Mrs. Lillian Whitney of Santa Ana. Election of officers, next in order, resulted as follows: President, Mrs. Lillian Whitney, Santa Ana; first vice president, Mrs. Goodale, Anaheim; second vice president, Mrs. Effie Haas, Buena Park; third vice president, Mrs. Donna Holloway, Yorba Linda; recording secretary, Mrs. Nora Flagg, Santa Ana; corresponding secretary, Prof. Hauck of Anaheim; treasurer, Mrs. Fred Snyder, Fullerton; historian, Mrs. W. B. Tedford, Santa Ana; auditor, Mrs. Irene Wilson, Brea; parliamentarian, Mrs. Yeoman, Laora.

Mrs. Goodale of Laora association, West Anaheim, chairman of the committee on securing speakers for the Federation, reported that she had secured thirty accredited speakers available for Orange county associations at any time if given reasonable notice in advance. The list will be published in the newspapers of the county at an early date.

A report from each association in the county was heard from the president of each association, or her representative. These reports were very interesting and of a helpful nature.

At noon the meeting adjourned for luncheon and all repaired to the large dining hall, where long tables, spread with white linen, beautifully decorated with flowers and loaded with good things to eat, stretched the full length of the hall. Although this was supposed to be a "basket lunch," everyone taking his or her own lunch, the ladies of the Buena Park association had prepared such a variety of delicious eatables that the baskets were forgotten. A delightful social hour was enjoyed, which was spent in getting better acquainted.

At 1:30 the meeting was again called to order and an interesting program was opened by a drill of Buena Park school boys under direction of Miss Allen. Then followed a reading by Miss Agnes Hardin; a vocal duet, Juanita Simpson and Miss Ingram; a piano solo, Miss Juanita Simpson; an address on "Campfire Girls," by Miss Maude Jones of Santa Ana; and a piano solo by Mrs. Wilson. Mrs. Little of Huntington Beach read a paper on "Proper Dress for School Girls." This paper was full of splendid ideas, and it is to be regretted that every mother of school girls was not present to hear it. Another paper of great interest was read by Mrs. W. B. Tedford of Santa Ana entitled "What We Owe Our Children in Education."

At the conclusion of this program an invitation extended by the president of the Fullerton association for the Federation to meet at Fullerton in October, was accepted. A rising vote of thanks was given to Mrs. Anna Hill, retiring president, for her untiring efforts and efficient work in organizing the County Federation, also a cordial welcome was extended Mrs. Lillian Whitney, the new president. The Buena Park ladies are to be congratulated for the splendid manner in which they entertained the visitors. The next meeting will take place in Fullerton, Oct. 10.

## GOVERNMENT CLERK ON TRIAL

UPPER MERIDON, Md., April 13.—The trial of William J. Fisher, clerk in the Interstate Commerce Commission at Washington, on the charge of murdering William L. Alderfer, a well known newspaper correspondent, at Chevy Chase, Md., last fall, was begun here today. A former trial, at Rockville, Md., resulted in a disagreement, and Fisher obtained a change of venue. Interest today centered on the story to be told by Miss Lillian Reeves, Alderfer's adopted daughter, and the only witness to the killing. Fisher claims he sought to protect Miss Reeves from Alderfer's insults, and in a struggle, he stabbed him with a pair of scissors.

# EASTER DAY WAS REVERENTLY OBSERVED

Churches Beautified With Flowers—Song and Praise Marked the Day

One of the most beautiful and impressive of the many services planned in the city churches for the celebration of the joyous Easter feast and one which was certainly most inspiring was given in the fine new Baptist Church yesterday afternoon under the direction of W. A. Benjamin. Percy K. Lusk was at the pipe organ and his music was more than excellent and not one of the least enjoyable features of the program.

Long before 3:30 p. m., the time set for the program, nearly every available seat in the spacious edifice was filled and extra chairs that had to be provided, the new chairs for the church not having yet arrived.

The service opened with a beautiful organ solo, "Pastorale," by Wachs, which was thoroughly appreciated in its soft dulceness of interpretation. An appropriate hymn was sung by the standing congregation followed by the prayer by Rev. Mr. DeWolf. The anthem, "As He Began to Dawn," was splendidly rendered and was followed by Scripture reading, a story of the Resurrection by St. Matthew, Mrs. W. R. Coleman, in good voice, sang the soprano solo by Stevenson, "The Song of Victory." The pastor, Rev.

# IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in 5 Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestion, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

Otto S. Russell, added to the pleasure of the afternoon by reading a lovely poem, author unknown, entitled "If He Had Not Come." A hymn and offertory closed the first part of the program. "Messiah Victorious" was the title of the cantata, which was a musical treat throughout, the music growing upon one as the story moved along. The words were selected by Rev. James M. Farrar, D. D., and the music was written by William G. Hammond. The enunciation of the singers, both soloists and chorus, was so plain and the music was rendered so expressively, that the hearer might imagine he was listening to a reading. The attacks and finishes were splendid. The gems of the production were the baritone, tenor and soprano recitatives and solos, all three of the principal soloists, L. F. Hickox, W. A. Benjamin and Miss Irene Ealcom, being in the best of voice. Miss Mayme Havens and Mrs. W. Frank Harris rendered their short contralto and soprano solos pleasingly. Special mention should be made of the beauty of the solo and aria by Miss Ealcom, "Behold, How Peaceful Dawns the Day."

After the singing of the Doxology and the benediction by the pastor, the largest audience was invited to look over the magnificent new church home, which it is hoped to have finished by the second Sunday of May, dedication day. Today for the first time, the ladies of the choir were vested, a pleasing innovation for the church. Exquisite decorations of lilies in profusion, roses and greenery, gave the edifice a pretty and finished appearance.

At Other Churches Splendid decorations of white lilies and fragrant bloom of white carnations with greenery were featured of every Easter service in the city. At most of the churches, special music was prepared and all auditoriums where special services had been announced were filled to the doors.

First Methodist Episcopal Church At this church Rev. E. J. Inwood spoke powerfully yesterday morning on the subject, "Who Shall Roll Away the Stone?" He called attention to the events leading up to the first Easter Day, to the discouragement and despair which dominated the women and disciples who came to the sepulchre, for they questioned among themselves, "Who shall roll away the stone for us?" and then coming to the tomb, they found the stone rolled away and an angel proclaimed to them: "He is not here, He is risen."

From this preface he drew the lesson of hope and victory arising from the darkest days of wrong and evil. The music was extra fine. A solo, "Hail Easter Morn" (E. Marz), by Mrs. Winkler, with violin obligato played by Keith Davis, was well rendered and very beautiful. The anthem, "O Death, Where Is Thy Sting?" (Turner) with Miss Williams taking the solo, was very fine.

In the evening a cantata, "Darkness and Dawn" (Peace), was excellently given. The choruses were exceptionally fine, Prof. Haynes, Miss Ruby Williams and Mr. Hillyard of Tustin taking the solos in fine style.

First Presbyterian Church Rev. J. A. Stevenson preached on "The Risen Christ" and "The Risen Christian," at the morning and evening services, respectively. The Sunday school presented a special Easter program.

Special music was rendered at both morning and evening services. The evening program was as follows: Solo, "Calvary" (Rodney), Miss Hornby; anthem, "I Will Mention" (Sullivan); Mr. Reisland and choir; duet, "The Magdalene" (Warren); Miss Hornby and Rodley; solo, "The Resurrection" (Shelley); Mr. Johnston; anthem, "Awake, Thou that Sleepest" (Stainer); solo, "Christ Is Risen" (Bruno Hahn); Mrs. McDonald.

First Congregational Church Beautiful music at the morning service, including "Jubilate" and the "Hallelujah Chorus" on the organ, the singing of "Hosanna" by Maurice Phillips and a sermon on "The Solvency of God" by Rev. Fred Staff, occupied the morning service. In the evening the service was in charge of the Sunday School with recitations and readings by the children.

Spurgeon Memorial Elaborate musical programs for both morning and evening, with Mr. Jesse Albright in charge of the choir, marked Easter at this church. Rev. David Scarborough preached both morning and evening on "What Think Ye of Christ?"

United Presbyterian Church Rev. J. G. Kennedy preached in the morning on "The Cross," communion following the service. A splendid program of music was given in the evening on the general theme, "The Church of the Messiah."

As always, the music, specially prepared for Easter, was beautiful at this church, with Rev. Rufus S. Chase conducting Holy Communion at 7:30 a. m., morning prayer and Easter sermon at 11 o'clock. The evening service for children was at 7 o'clock.

# JUICE HURTS THEIR PIPES

Yorba Linda Water Company Puts in Complaint Against Pacific Electric

The Yorba Linda Water Company, which supplies Yorba Linda with water, doesn't like to have the Pacific Electric Railway Company use its pipe line to bring back to the power stations the electricity used to propel its trains, and appealed Saturday to the railroad commission to put a stop to it.

It is alleged in the complaint on file that the current that escapes between Richfield and Stern stations on the La Habra electric line, is being conducted back to power headquarters through the iron water mains that parallel the railroad tracks, and that the electricity has done serious damage to the pipes. The complaint was filed in San Francisco.

# POPULAR COUPLE MARRIED AT ORANGE

Miss Buchanan Became the Bride of Osman Pixley Yesterday Morning

(By Staff Correspondent.) ORANGE, April 13.—The wedding of two prominent local young people took place yesterday morning when Miss Mildred Buchanan became the bride of Osman Pixley. The ceremony was performed at 7 a. m. at the home of the bride's parents, Mr. and Mrs. G. W. Buchanan, on North Shafter street, Rev. W. A. Jackson officiating.

Owing to Mrs. Buchanan's health a formal wedding with its attendant social features was dispensed with and the ceremony was an exceptionally quiet event. The young couple left immediately after for an automobile honeymoon trip to San Diego, they will be at home in the new Shipkey apartments on North Olive street.

The bride is the only daughter of City Inspector G. W. Buchanan and wife. The groom is the youngest son of D. C. Pixley, president of the National Bank of Orange and head of the County Highway Commission. The groom himself is connected with the bank. Both of the young people have a host of friends who will join in congratulations and best wishes.

The affair was in honor of the Misses Gwendolyn Handy, Virginia Coleman, Elizabeth Webster and Bert McGraw, classmates of Miss Crawford at the Sage Seminary in Los Angeles, who are here house guests during the Easter vacation.

A delightful evening was passed with progressive pit as the principal game. The house was very handsomely decorated with roses. As refreshments, ice cream, Pape's special, and waters, chocolate and mints were served.

Besides the honored guests, the following were present: Misses Gladys and Julia Elson, Earl Elson, Mr. and Mrs. C. E. Isaacson, Art and Nellie Isaacson, Mr. and Mrs. Nean Watson, Mrs. D. P. Crawford, Fred Stever, Dr. Tyrrell and Mr. and Mrs. H. A. Brown and family.

Miss Elsie Dean and Mrs. John A. King entertained the infant class of the El Modena Sunday school at the home of Mrs. King, Saturday afternoon. Eighteen guests were present. A pleasant afternoon was spent in games. The decorations were a novel and pleasing feature. Yellow roses were used as a centerpiece with a tiny yellow Easter chick in their midst, from which white streamers went to another yellow chick at each plate. Other place marks were Easter eggs mounted on pasteboard and decorated to a grotesque human resemblance. Refreshments of sandwiches, cheese, olives, cake and candy were served.

# GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in its efforts to filter it from the system. Regular caters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or back headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric acid is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

# AT THE COURTHOUSE WILL CONTINUE COURT ACTION

Reinhaus Appointed Administrator that He May Be Plaintiff

In order to continue an action brought in the superior court several months ago, it was found necessary to have an administrator appointed for the estate of Maurilla Thomas. Fred Fette was administrator, but he died a short time ago. S. M. Reinhaus petitioned for letters, and the appointment has been made.

The appointment was over the objection of Attorneys Williams & Rutan, representing C. W. Hodges, O. W. Gregg, L. W. Bushard, H. H. Crane, Louise Royer and Anaheim Investment Co., who declare that they own property that is claimed by the estate of Maurilla Thomas. The objection stated that the objectors secured their title from John Thomas, widower of Maurilla Thomas, and that there is nothing in Maurilla Thomas' estate. Reinhaus and Attorneys Scarborough & Porkey declare that the property, worth \$29,000, belongs to the estate. The property in question is at Anaheim.

Gun-Packer is Given Sentence of Six Months in the County Jail

Justice of the Peace Cox, who for the occasion may be designated as Dr. Cox, today gave his usual prescription for carrying a gun. The prescription calls for a term of six months in the county jail.

The man who received the medicine was Francisco Gonna of El Modena. Gonna was tried on a charge of assault with a deadly weapon with intent to murder. The jury found him not guilty and recommended that he be prosecuted for carrying a concealed weapon. Gonna and the man he had trouble with were both taken before Justice Cox on that charge. Gonna's companion in trouble pleaded guilty, and got his dose of six months right away. Gonna wanted trial. This morning he appeared, and though he made a very face he had to take it down like a little man. It was six months in jail for him.
